COMM-TEC Asia Limited New AVPro Edge Distributor

AVPro Edge has announced the appointment of COMM-TEC Asia Ltd as its official distributor in Hong Kong and Macau. This partnership marks a significant step in AVPro Edge's ongoing global expansion, bringing its award-winning AV signal distribution solutions to the Hong Kong market by teaming with a trusted and experienced partner. With a long-established track record of success in professional AV distribution and a deep understanding of the local market, COMM-TEC Asia Ltd is ideally positioned to deliver AVPro Edge's innovative products-including AVoIP, matrix switchers, extenders, and more to integrators across Hong Kong.

"Partnering with COMM-TEC Asia Ltd is a significant milestone for AVPro Edge in Asia," explained James Trumper (pictured right), VP of International Sales at AVPro Edge. "COMM-TEC's expertise and local market knowledge make them the ideal partner to represent our brand in Hong Kong and Macau. We are confident that together, we will deliver outstanding solutions and support to AV professionals throughout the region."

AVPro Edge and COMM-TEC Asia Ltd hosted a launch event on Tuesday, May 13th in Hong Kong. The event brought together leading AV consultants, system integrators, and industry partners to learn how the AVPro Edge product lineup, latest

innovations, and newest technologies are all part of a successful collaboration. “We are delighted to become the official distributor for AVPro Edge in Hong Kong and Macau,” said Chris Yang (pictured left), Managing Director of COMM-TEC Asia Ltd. “AVPro’s commitment to quality and innovation aligns perfectly with our mission to provide the best AV solutions for our clients. The launch event in Hong Kong was a remarkable success, and we look forward to a strong and fruitful partnership.”

AVPro Edge products feature superior design and manufacturing and are backed by a 10-year advance-replacement warranty, providing integrators with peace of mind knowing they have installed a product that has been built to last from a trusted manufacturer committed to the pro A/V channel.
