Everything Audio UK & Ambient Partnership

Two names in the European location sound business are joining forces: Everything Audio (London, UK) and Ambient (Munich, Germany) are coming together to form Everything Audio Europe – the new destination for professional location sound equipment and pro audio expertise in Europe. Same people. Expanded expertise.

The team behind Ambient’s retail operations is directly involved in Everything Audio Europe, ensuring the same level of service and understanding you’re used to. In addition, Everything Audio Europe is run day-to-day by location sound recordist Marcus Kirchhoff, bringing real-world production experience into the business. Combined with the wider Everything Audio network, this creates a stronger, more focused platform for the industry.

Both companies are preparing to launch Everything Audio Europe shortly. To celebrate this, they are offering a €10 store credit when you spend €60 or more - available to subscribers of the new EA EU newsletter. This credit will be valid for 30 days from launch, so signing up to the newsletter now ensures you don’t miss it.
