Habitech, LTD New AudioControl Pro Distributor

AudioControl has announced the appointment of Habitech, LTD. as Master Distributor of the brand's award-winning AV entertainment solutions in the UK. Habitech is currently the distributor for RTI in the UK. Based in Hampshire, England, and founded in 2006, Habitech Ltd specializes in supplying a broad range of custom install products and services to technology integrators representing home entertainment, smart home control and lighting, networking, and more to end-users. The Habitech team provides system design support, product training, technical support, and aftercare to help professionals specify, install, and support technology solutions of any magnitude. Habitech also hosts integrators and their clients for product demonstrations and training at the company's award-winning facility located inside their Hampshire headquarters, where customers can experience home cinema, ultrafast networking, smart lighting, multi-room audio, outdoor AV solutions, and more in a lifestyle setting.

"We are confident that Habitech will increase AudioControl's brand visibility across the UK and present our best-in-class multi-zone audio and home cinema products to top integrators across the region," explained James Trumper, VP, International Sales at AVPro Global. "AudioControl will have many new solutions on display at the 2026 ISE show in Barcelona, where we anticipate meeting with top integration firms from across Europe."

"We have long-standing relationships with top custom AV integrators and home theater specialists across the UK who will appreciate the vast capabilities of the AudioControl product line, enabling them to deliver outstanding entertainment systems to their clients," explained Jonathan Pengilley Managing Director of
