

Focusrite Group Open Days 2024

Martin Audio, with sister brands, Optimal Audio, TiMax, Linea Research and OutBoard, are joining forces once again for their successful Open Day programme over three days at their facility in High Wycombe. Sessions run from September 3-5, from 9.30am-5.30pm on the Tuesday and Wednesday with a half-day programme on Thursday. All brands will feature with either audio demonstrations or presentations and as part of a series of educational modules.

Martin Audio will be running a separate point source demonstration, constant curvature and line array demonstration, as well as a stage monitor demonstration, and will also have in-depth training on DISPLAY 3 prediction software.

TiMax will showcase immersive audio solutions and will also be offering introductory software training, while Optimal Audio will be demonstrating multi-zone commercial audio as well as offering comprehensive training opportunities. Linea Research will be presenting an overview of their amplifiers and electronics as well as offering training on their System Engineer 8 control software. Finally, OutBoard will present an overview of their motor control and rigging solutions.

Free parking is on site and refreshments are served throughout the day. There will

Focusrite Group Open Days continue to build momentum
