sE Electronics V2 SWITCH XLR and QTR

sE Electronics announces the V2 SWITCH XLR and QTR – equipped with the same great V2 SWITCH dynamic microphone and no-slip on/off switch you are used to but now available with either a 15-foot / 5-meter XLR-to-XLR or XLR-to-1/4” cable with a TS jack.

Ideal for vocals, speech, and a wide range of instruments, the V2 SWITCH XLR and QTR bring the sound and convenience of sE’s renowned V SERIES dynamics to an all-new level. Enable your best performance with the V2 SWITCH – now complete with the XLR or 1/4" cable you need to go live.
