NTi Audio XL3 Firmware Update V1.26

NTi Audio are working continuously to add new and improve existing features on the XL3 Acoustic Analyzer.

In the latest Firmware V1.26,

- the user interface is available in the Chinese language. This is in addition to the already-existing English, German, French, Italian, and Spanish languages. The keyboard layout (QWERTY, QWERTZ, AZERTY) can also be selected independent of the language chosen.
- The XL3 now supports the ASTM E336 (United States) standard for Building Acoustics.
- Aggregated data is provided in the streaming API.
- The File Push Service now supports OneDrive cloud service.
- The XL3 now supports the WP61 weather protection for the ¼” M4261 measurement microphone.
