inventory to better serve our customers. We are thrilled to have her back at QSC and I am confident she will continue to lead her efficient team to new heights as we continue to navigate the post-COVID world.”

“What I love about QSC are the people; all who are dedicated to working as a team to achieve the same goal,” says Lee. “I am thrilled to lead this strong operations and supply chain team who have proven over the last few years how agile we are, which has resulted in delivering results. I look forward to continuing this journey and enhancing processes as well as our relationship with suppliers and customers.”
