Murt Whelan New SSL Rental & Resale Partner

Solid State Logic announces that Murt Whelan Sound (MWS Ltd) will serve as its Rental & Resale Partner for SSL Live products in Ireland, further enhancing access to SSL Live consoles in the region. Recognised for providing high-quality audio solutions for live events, touring, and installations, MWS Ltd's addition to SSL's network strengthens its commitment to delivering top-tier sound technology to the live sector. MWS Ltd will offer local sales and technical support on behalf of SSL across Ireland and will assist its customers the live events, touring, and installation markets. The appointment covers the entire SSL Live product range including consoles, interfaces, software solutions and more.

“We’re pleased to welcome MWS Ltd as an SSL Live R2 Partner,” says Sam Bath, SSL UK Sales & Distribution Manager. “Their reputation for quality and dedication to high-calibre audio makes them a perfect partner to support and expand SSL Live’s presence in Ireland.” Murt Whelan, Managing Director of MWS Ltd, commented: "We are proud to bring SSL's solutions to both our existing clients and new customers . SSL Live offers superior sonic performance, workflow, and operational flexibility. We look forward to grow SSL's presence in this sector."

As part of the partnership, MWS Ltd will have access to the full SSL Live range for both rental and resale, ensuring that engineers and production teams have access to SSL’s cutting-edge workflow, powerful processing, and unmatched sound quality. Recently, extending their offerings even further, the company acquired an SSL Live L350 Plus MADI Tour Bundle, which includes the SSL Live L350 Plus with Blacklight
