

AIR Music Tech AIR Sub Factory

In celebration of this year's 808 Day, Plugiversity Distribution and AIR Music Tech announce the release of the AIR Sub Factory by AIR Music Tech. This ultimate bass synthesizer is designed to create industrial-strength bass sounds, perfect for producers who demand meticulous craftsmanship in their bass lines. The AIR Sub Factory delivers unrivaled synth bass with its versatile capabilities and advanced features.

Key Features of AIR Sub Factory:

- **Dual Wavetable Engines:** Featuring hundreds of waves and 127 index points for extensive customization.
- **Third Sample-Based Engine:** Includes kick, 808 loops, shots, noise, and FX samples with features such as sample start and delay, reverse, pitch, and filter adjustments.
- **Comprehensive Filters and Envelopes:** Dedicated pitch controls and amp and filter envelopes for unique sound design.
- **Intuitive Modulation Section:** Wide array of target options for detailed sound crafting.
- **Substantial Preset Library:** Ready-to-use presets designed to inspire creativity.
- **Essential Effects:** Unison, Spread, Width, Ring Mod, Chorus, Drive, and EQ for sound polishing.

AIR Sub Factory goes far beyond classic 808 bass presets, offering a comprehensive sonic palette suitable for R&B, Hip Hop, Drum and Bass, and Pop. With dual wavetable engines and an additional sample engine, producers have unprecedented control over their bass sounds, ensuring compatibility with any genre.

Speaking on behalf of AIR Music Tech, Neal Gustafson said: “AIR Sub Factory is not just another bass synth. It's an ingeniously designed tool with comprehensive features that offers both immediacy and deep diving, depending on the user's needs. For music producers aiming to elevate their bass game, AIR Sub Factory is an essential addition to their production arsenal.”
