Arturia AstroLab 88

AstroLab 88 combines expressive hammer-action keys with exceptional, performance-ready sounds and a modernized workflow, allowing you to streamline your live setup and play without compromise. Perform with piano-size keys and piano-like response. AstroLab 88’s weighted keybed is built for demanding musicians who need that exceptional feel and control.

Features:

- Studio → Stage continuum: Prepare sounds in Analog Lab Pro, organise setlists in the AstroLab Connect app, then play live without a laptop.
- Navigation wheel & screen: Browse presets and playlists effortlessly and monitor parameters at a glance - no menu diving mid-gig.
- 40 reference instruments: From Piano V realism to Pigments’ modern engine; 1,600 presets on board, 10 000+ more via V Collection & sound banks.
- Modern connectivity: MIDI I/O, USB-C, USB-A host, audio input, Bluetooth & Wi-Fi, plus four pedal inputs.
- Creative toolset: Arpeggiator, Chord & Scale modes, hands-on Macros, built-in Looper, up to 12 insert FX per preset.
