

Austrian Audio Hi-X15 Promotional Bundle Deals

Austrian Audio announces a pair of limited-time promotional bundles featuring the Hi-X15 closed-back headphones now available from participating dealers. Until November 30, 2024, Hi-X15 is available for free with the purchase of Austrian Audio's OC16 large-diaphragm cardioid condenser microphone. Until December 31, 2024, Hi-X15 is available for free with the purchase of the Austrian Audio MiCreator System. Both of these packages make it easier and more affordable than ever before to make Austrian Audio's high-quality headphones and microphones a part of your recording setup. For more information, please contact your nearest Austrian Audio dealer.

OC16 is Austrian Audio's best-in-class affordable studio microphone designed for a variety of tracking and recording applications. A robust, powerful mic that utilizes

the brand's patented CKR6 capsule and 'Open Acoustics' design approach, it is extremely versatile and faithfully captures the transparent, natural sound of acoustic instruments, electric instruments, and voices. As with all Austrian Audio microphones, OC16 is designed, engineered, and manufactured in Austria out of top-quality components.

For the mobile music creator looking to record on-the-go, intrepid podcaster, streamer, or found-sound recordist, the MiCreator System is the perfect all-in-one recording solution. Combining a flexible, high-quality condenser microphone with an intuitive audio interface into a single, robust package, the MiCreator System makes it easier than ever to plug in and capture professional-quality audio instantly. The ultra-durable metal housing, adjustable microphone angle, and connectivity with MiCreator Satellite for stereo recording makes the MiCreator System incredibly versatile and usable for a variety of recording applications.

Hi-X15 Professional Closed-Back Over-Ear Headphones:

- Frequency range: 12 Hz - 24 kHz
- Sensitivity: 113 dBspl/V
- Impedance: 25 Ω
- Input Power: 150 mW
- Cable (detachable): 1.4m
- Connector: 3.5 mm (1/8")
- Adapter (included): 3.5 to 6.3mm (1/8" to 1/4")
- Dimensions: 205 x 170 x 80 mm
- Weight (without cable) 225 g
- Value: \$109

OC16 Large-diaphragm Condenser Microphone

- Directional Characteristics: Cardioid
- Frequency Range: 20 Hz - 20 kHz
- Sensitivity (all directions): 11 mV/Pa
- Equivalent noise level: 14dB SPL (A)
- Max SPL: 148 dB SPL
- Low Cut filter: 40hz, 160 Hz
- Impedance: 275 O (symmetrical)
- Load Impedance: >1 kO
- Supply Voltage: 48v (< 2.2 mA)
- Main Connector: XLR 3 pin
- Dimensions: 157 x 66 x 34mm
- Weight: 335 g
- Cost: \$399
