

Austrian Audio Releases OC18 Dual Set Plus

Austrian Audio announces OC18 Dual Set Plus, a kit centered around two of the critically-acclaimed OC18 large capsule condenser microphones as well as a host of accessories. The OC18 Dual Set Plus is shipping now.

“Our first Dual Set Plus for the OC818 has proven to be a big success,” says Martin Seidl, CEO of Austrian Audio, “so we’re now offering the same set for the OC18 to enable everyone who prefers the single capsule mic and meet all the recording needs of artists, producers and engineers, whether they record at home or in a studio.”

The OC18 Dual Set Plus, a kit with two of the critically-acclaimed OC18 large capsule condenser microphones as well as a host of accessories:

- 2x OC18 large diaphragm condenser microphones with cardioid polar pattern
- 2x OCS8 microphone shock mounts
- 2x OCW8 foam windscreens
