

Best Service Eduardo Tarilonte NADA

NADA isn't just another sound library – it's Eduardo Tarilonte's most heartfelt creation to date. With over 440 inspiring sounds, it takes you on a journey into deep, spiritual soundscapes: strings, exotic flutes, percussions, pianos, singing bowls, overtone vocals, and a heavenly solo voice. Perfect for meditation, film scoring, game soundtracks, or laid-back New Age music.

Porting NADA to the Engine Player was one of our most ambitious technical projects yet – and a major success. Thanks to advanced sound modeling and expert programming, this new version delivers versatile playing techniques, an immersive sonic experience, and an authentic feel that pulls you deep into Tarilonte's spiritual sound world. NADA blends timeless spiritual sounds with cutting-edge technology, offering inspiring textures for every creative journey – whether you're in the studio or performing live.

NADA Highlights:

- 440+ sounds built from over 9,000 high-quality samples
- A wide range of instruments including strings, winds, percussions, pianos, singing bowls & more
- Real vocals (overtone singing, female solo voice) and synth-based choir textures
- 24 sound categories with 265 ambient meditation pads
- Multiple playing techniques for expressive, dynamic performances

Requires Engine Player version 1.3.0

To celebrate the release, Best Service offering a special 30% discount on NADA and other Engine Audio libraries including Forest Kingdom 3, Celtic ERA 2, ERA II Medieval Legends, Dark ERA, Epic World, and Quetzal. Only through July 20.
