Bogren Digital Ampknob Über Metal

Bogren Digital releases Ampknob Über Metal, plugins inspired by the pinnacle of German engineering for high-gain amplifiers. Jens Bogren has distilled the essence of two of the most revered German amplifiers of the last three decades into our well-loved Ampknob format. The Ampknob Über Metal plugins cost $49 each and will be available to bundle with any third Ampknob for a total of $98. The plugins are available immediately from the Bogren Digital store and authorized dealers.

The Ampknob BH4 and Ampknob BDE 120 are inspired by benchmarks of German engineering. Known for their crushing gain, articulate note separation, and sheer versatility, these amps have dominated everything from progressive metal to brutal deathcore. In true Ampknob fashion, producer Jens Bogren has meticulously captured their essence, giving you definitive tones from the first chord you strike.

The Ampknob BH4 is inspired by a fixture in modern metal production, known for its ability to offer unparalleled thickness of tone. From legendary bands to countless modern acts, this amp is hailed for its clarity under high-gain pressure. The Ampknob BH4 features two channels, a finely tuned boost pedal option, and Modern and Vintage cab variants.

- Inspired by a fixture in classic and modern metal production
- Tight chugs with unparalleled thickness of tone
- Meticulously captured by producer Jens Bogren
- Two independent channels for greater distortion Character variety
- Built-in boost pedal for increased bite
- Two perfectly matched cabs, Modern and Vintage, for an instant mix-ready tone
- Easy IR loading for infinite tonal Options
- Realistic speaker response courtesy of IRDX technology
- Customizable Gate for effortless noise control
- Built-in riff recorder – capture inspiration without opening your DAW
