

New Erica Synths Decksavers and Shoulderbags

Erica Synths announces a new and updated suite of accessories to help protect your gear in 2023. These include Decksavers, designed to protect your Perkons HD-01, SYNTRX or SYNTRX II from damage at home, in the studio or onstage, as well as Erica Synths backpacks and messenger bags. All accessories are available now at the Erica Synths shop.

Erica Synths Decksavers are engineered to perfectly fit Perkons HD-01, SYNTRX and SYNTRX II. The smoky clear decksaver protects your synth from impact, dust and liquid. Shield the most vulnerable knobs and switches from bending and breaking while keeping settings and knob positions in place for the next time you play. Use them in combination with one of Erica Synths travel bags to ensure maximum protection and convenience while travelling with your instruments.

Features

- Made from smoky clear super strong polycarbonate
- Protects against dust, liquid and impact
- Shields vulnerable faders, switches and knobs during transportation
- Low profile design enables compatibility with most flight cases and travel bags
- Keeps settings and controls in place when not in use

Erica Synths backpack is a must-have accessory for the 2x104HP aluminum and carbon travel cases. Featuring a roomy main compartment with an elastic band for securing a laptop in place, spacious side pockets, and a separate zipped compartment on the back, there's plenty of room for all your patch cables and other accessories (Dimensions: 58 x 18 x 32 cm).

Meantime, the messenger bag is a must-have accessory for Erica Synths larger standalone units - such as PERKONS and SYNTRX. Featuring an easy-access main compartment with a locking strap for securing your synth in place, spacious side

Erica Synths Introduces New and Updated Accessories for 2023
