

IK Multimedia Sinphonica Maestosa Strings

IK Multimedia today announces that Sinphonica Maestosa Strings, the overture to its new family of Italian symphonic instruments, is now available for purchase and immediate download. Seven years in the making and recorded in Milan at the legendary Officine Meccaniche Studios, Maestosa Strings provides composers and music producers with a complete 60-piece symphonic string orchestra (16 First Violins, 14 Second Violins, 12 Violas, 10 Cellos, and 8 Double Basses). It features innovative performance technologies including five responsive True Legato styles, Articulation Morphing, and PALCO Virtual Stage Positioning.

Key Features

- 60-piece Italian string orchestra recorded at Milan's historic Officine Meccaniche Studios
- Five responsive True Legato styles, including Glissando, Portamento Slow, Portamento Fast, Slur, and Runs
- More than 40 articulations with carefully calibrated dynamic layers, vibrato, and round robins
- Keyswitch presets tailored to composers' workflows
- Eight microphone perspectives with a world-class setup designed to capture every nuance
- PALCO Virtual Stage Positioning for fully customizable orchestral seating
- Articulation Morphing for seamless transitions between playing techniques
- Ensemble instruments for fast, intuitive orchestral sketching
- Cinematic textures across all sections, from drones to tension stabs
- Clean, intuitive interface with streamlined performance controls.

Available as either the complete collection or as individual string sections, Maestosa Strings gives composers the flexibility to start with the instruments they need today while providing a seamless path to build a complete orchestral collection over time.
