

IK Multimedia TONEX Anniversary Pedal

IK Multimedia announces that the TONEX Pedal Anniversary Edition is shipping from the IK online store and authorized dealers worldwide while supplies last. Since its release two years ago, TONEX has cemented its position as the world's largest and most advanced capture-sharing platform. To celebrate, IK is offering a limited-edition TONEX Pedal. Maintaining all the features users love, the TONEX Pedal Anniversary Edition is handmade in Italy with a custom white finish.

This collector-grade pedal comes pre-loaded with a custom TONEX Anniversary Collection of 150 Premium Tone Models curated by select Tone Partners. It's shipping just in time for the new TONEX FX, a firmware update that allows anyone to create their own signature sounds and presets without needing another effects pedal.

Anniversary Edition overview

- Handmade in Italy with a custom white finish
- Pre-loaded with 150 Premium Tone Models, curated by select Tone Partners

- Access to ToneNET, the most popular tone-sharing site ever
- Includes 1,100 Premium Tone Models + 30,000 free community rigs
- Exclusive VIR multi-IR cabinets and custom IR loader
- Noise gate, EQ, compressor and 5 stereo reverbs for powerful on-stage tone shaping
- Complete MIDI control and expression pedal input for seamless rig integration
- Includes TONEX MAX software for modeling, playing and organizing tones
- It comes with AmpliTube 5 software for complete tone-shaping and recording

To offer the ultimate out-of-the-box experience, each of these 5 Tone Partners contributed 30 of their finest Tone Models, making the Anniversary Collection a must-have for tone enthusiasts. Plug in and discover vintage, boutique and modern amps perfect for live and studio work.

Worship Tutorials is known for its stunning collection of boutique and vintage amps. They selected 10 of their favorite amps and captured multiple Tone Models of each. Discover everything from pedal platform-style tones to rich Marshall Super lead tones perfect for worship-style music and beyond. The Studio Rats bring extensive knowledge and expertise to this TONEX Anniversary collection. Their Tone Models cover many British and American-style amps, including a signature Cornell TSR20 Studio Rats custom amp based on Paul Drew's favorite Matchless 35 amp. This collection features 10 of their most prized amps.

Amalgam Audio shares his massive amp collection and tone-capturing expertise. His vintage captures alone are priceless. This collection features Amalgam's finest classic American and British tones alongside highly sought-after modern amps for unmatched versatility. Explore 20 of Amalgam's choice amps for this collection. Jason Sadites is a renowned guitarist, recording artist and YouTuber. He handpicked 10 iconic amps for this collection, several based on high-end boutique designs that many only dream about owning. Jason's contribution reflects his pursuit of tone perfection, offering guitarists an incredible range of tones to explore. Tone Junkie, a.k.a. HW, brings his extensive knowledge in capturing the best tones to the TONEX Anniversary Edition. Included are 10 beloved amps from his collection, many of which are vintage models. HW considers his custom AC44 one of the crown jewels and perhaps the best Vox amp they never made!

The TONEX Pedal Anniversary Edition is shipping now from the IK Multimedia online store and authorized dealers worldwide while supplies last.
