

Innovative Audio acousta LE 03

Innovative Audio, an innovator of high-quality pro audio devices, announces the availability of its acousta LE 03 with the latest firmware and hardware updates. As a masterpiece of pro audio technology, the LE 03 redefines the standards in measurements, functionality and design. The acousta LE 03 is the result of many years of research and development work that meets the highest demands with technical sophistication. Through the combination of state-of-the-art technology and processing precision, the LE 03 offers incomparable values for studio applications and live applications alike.

Outstanding features of the acousta LE 03 include:

- Revolutionary sound quality: Thanks to the innovative Digital line/mic preamp and the full-range converter technology creates the LE 03 a precise and immersive sound.
- Uncompromising design: The housing of the LE 03 was designed with aesthetic elegance and functionality and is milled from an aluminum block.
- Easy connectivity: With a variety of connection options, the LE 03 offers effortless integration in a studio, live and computer environment.

Innovative Audio presents the acousta LE 03 Studio Interface

Monday, 15 January 2024 20:12

"The acousta LE 03 represents our unwavering commitment to exceptional audio data and design. We are pleased to introduce this innovative product that redefines the boundaries of audio quality," said Innovative Audio Product Designer Karl Putzhammer. The acousta LE 03 is now available worldwide on the official acousta website. Create a new dimension of sound with the acousta LE 03.
