Mercuriall Audio Hazel-50 DX

The Hazel-50 DX is Mercuriall’s new virtual amp inspired by the Friedman BE-50 Deluxe. From warm cleans and British crunch to tight, saturated high-gain, it responds to every nuance of your playing.

Also, in the new version of Ampbox, three new pedals are now available completely free:

- Open Drive (Fulltone OCD)
- MicroPitch Next (Stereo Detune)
- Dim D-320 (Stereo Dimension).

Launch sale: 33% OFF - get it now for $66.69 (reg. $99.99)
