MIXED IN KEY PILOT PLUGINS 2.0

Pilot Plug-ins is your your go-to for making chords, melodies, basslines, and arpeggios. Get these MIDI generators for your music production.

The features include:

- Pilot Chords: MIXED IN KEY created a new Pilot Chords plugin with an ultra-fast workflow for creating beautiful chords.
- Pilot Bass: Add basslines that use our patented technology to follow the chords and create a great rhythm for your track.
- Pilot Melody: Let's be honest: if the song isn't memorable, it's not a hit. MIXED IN KEY created Pilot Melody to help you create super memorable melodies that fit your track.
- Pilot Arpeggio: This plugin adds textures to your music and makes it more interesting.

MIXED IN KEY has expanded their library with 25 new Phase Plant sound presets, complementing the existing collection of built-in sounds. There's everything you need to sketch your idea.
