

Nembrini Audio Launches BG Extasy Boutique Guitar Amplifier Plugin

Guitar amp plugin specialist, Nembrini Audio, launches their BG Extasy Boutique Guitar Amplifier, meticulously modelled on the Bogner Ecstasy* 101B head guitar amplifier.

Nembrini Audio has carefully reproduced the incredible tone and versatility of this famous boutique guitar amplifier which is hailed as a modern classic and widely regarded as one of the most desirable guitar amps on the market today. The BG Extasy Boutique Guitar Amplifier plugin has 3 distinctly voiced channels morphing past, present and future tones and a much sought after range of switching possibilities. The new plugin has all the detail of the amp plus it extends the possibilities of the original hardware thanks to the versatility of the digital world with new powerful features for the maximum control of tone:

Nembrini Audio Launches BG Extasy Boutique Guitar Amplifier Plugin

Wednesday, 01 September 2021 13:35

- A complete recording chain means users can select between six different guitar cabinets, four microphone emulations with on/off-axis position switch, continuous position and distance knobs. A complete Mixer section with Solos, Mutes, Pans and Faders allows users to blend together the two microphones with the Studio Reverb.
- The Impulse Loader can load up to three third-party impulse responses, blend them together using volume, pan, phase, solo and mute controls plus a useful browser window has been added so all third-party IR files can be easily searched.
- New optimized Noise Gate section
- Includes a cleaner circuit to reduce rumbling and harshness

Talking about the BG Extasy Boutique Guitar Amplifier plugin, Igor Nembrini, founder and creator of Nembrini Audio said it's 'Classy, Versatile and Ecstatic, breathing like high gain boutique amps with infinite options.'

For an introductory period only, BG Extasy Boutique Guitar Amplifier (as an iLok-protected** AAX-, AU-, VST2-, and VST3-supporting plug-in) for MAC OS1.9 and above or Windows 7 and above, is available to purchase for only \$39.00 USD (normally \$137.00 USD) until 19th September 2021. The AuV3 format for iOS can be purchased for \$9.99USD (normally \$19.99 USD).
