

NDI New OCA Alliance Member

The OCA Alliance welcomes NDI as a member to the trade association. An Industry leader in audio, video, and metadata media networking, NDI offers a broad portfolio of software and technology solutions. Offering high-efficiency, plug & play, and interoperable tools, NDI is adaptable to the smallest to largest of media networking applications - and everything In between. "Joining the OCA Alliance marks a significant leap forward in the standardization strategy for metadata in NDI. It is also a tremendous pleasure to collaborate with such brilliant minds as the creators of AES70," says NDI Technical Director, Roberto Musso (center in picture). "I look forward to the opportunity to publish the guidelines for AES70 over NDI soon."

"NDI truly needs no introduction, and the OCA Alliance is thrilled to welcome them to our membership," notes Ethan Wetzell (left in picture), OCA Alliance Marketing Chair. "Not only is it a vote of confidence in the standard to have NDI participating, but it is also proof that AES70 is not just for audio - if it's connected, AES70 can help. We look forward to working with the team." Jeff Berryman is pictured on the right.
