

Rhodes Wurli Plug-in

Rhodes Music expands its virtual instrument lineup with the Rhodes Wurli - a deeply musical recreation of the iconic reed-based electric piano sound that shaped some of the most enduring records of the past five decades. Rhodes Wurli draws on the character of legendary reed-based electric pianos introduced in the 1970s - celebrated for their compact design, midrange-forward bite, and dynamic, expressive tone. Its unmistakable tone became a fixture on classic records by artists like Ray Charles, Joni Mitchell, Elton John, Supertramp, and Beck - and continues to inspire musicians working across many genres today.

“As part of our ever-expanding library of classic instruments, we’re proud to share our own take on the iconic reed-based electric piano,” says Dan Goldman, Chief Product Officer at Rhodes Music. “Sampled by the same expert team behind the Rhodes V8 and Anthology plug-ins, Rhodes Wurli brings the 200A to a whole new level of musicality and playability. Paired with Anthology’s powerful sound-shaping tools, effects, and intuitive interface, the result is something truly special - raw, warm, and beautifully expressive.”

Built on the same robust engine as Rhodes Anthology, Rhodes Wurli features a vintage-style interface that nods to the original’s front panel design. Retro LED indicators, classic rotary dials, and intuitive navigation create a UI that balances nostalgia with modern workflow enhancements.

Users can dial in unique textures using tools like:

- Timbre Shift: Revoice the instrument in real time.
- Global Tune: Match your session’s tuning with precision.
- Authentic Vibrato: Modeled after the classic hardware circuit for added vintage warmth.

Rhodes Music introduces the Rhodes Wurli Plug-in

Tuesday, 03 June 2025 16:00

Rhodes Wurli also introduces two new authentic models of the 200A's amplifier and front-facing panel mounted speakers - known for their midrange bite and natural breakup - alongside the amp models already familiar to Rhodes users.

Rhodes Wurli is available now in VST, AU, and AAX formats through the official Rhodes Music store with an introductory offer: 30 percent off through June 30, 2025.
