Sound Service European New IsoAcoustics EU-Distributor

Service European Music Distribution announce, that IsoAcoustics appointed them as the new exclusive distribution partner for their products in Germany, Austria, Switzerland, Czech Republic, Slovakia, Hungary, Romania, Lithuania, Latvia and Estonia with immediate effect. „We are excited to partner with Sound Service to expand our reach in Central and Eastern Europe," said Dave Morrison, President and Founder of IsoAcoustics. "Sound Service's expertise and dedication align perfectly with IsoAcoustics' values, and we are confident that this collaboration will provide professionals in these regions with greater access to our award-winning acoustic isolation solutions."

Ron Deckers, European Sales Director at Sound Service, added: "The IsoAcoustics brand is a great addition to our portfolio of top-notch pro audio brands at Sound Service. Their products are a perfect match to our Focal studio monitors and we are delighted, that we can now offer complete and superb monitoring solutions to our customers.“

IsoAcoustics products are built with a unique, patented isolation technology that provides a high degree of isolation and manages the speakers energy to deliver authentic, uncolored sound. The product range includes the Iso-Stands and Iso-Pucks, which are used by the world's most famous producers and sound engineers. The latest addition are the versatile V120 Mounting systems for Ceilings, Walls, Trusses and more and the unique STAGE 1 isolators for Guitar/Bass amps and cabinets.
