

Mercuriall Audio Ampbox 1.6.4

Mercuriall Audio have discovered a vintage Japanese BOSS HM-2 from the 1980s and recreated it, stage by stage, inside Ampbox. The result? Pure, raw and aggressive tone that true fans of extreme guitar sound will instantly recognize and love.

HM2 is now free for all Ampbox users - but that's not all: 33% OFF all Mercuriall Audio's plugins. The special sale runs until June 27, so don't miss your chance to upgrade your arsenal.
