# SUPERBOOTH23 Ticket Sale

SUPERBOOTH BERLIN is opening the ticket presale for this year’s SUPERBOOTH23. The world‘s premiere trade fair for electronic music instruments is happening from the 11th to the 13th of May at FEZ-Berlin. Over 200 exhibitioners from over 34 countries will present the latest in synthesizers and electronic music technology at the unique trade fair with the spirit of a festival. With manufacturers from all over the world, SUPERBOOTH23 is a key event when it comes to the development and design of tomorrow‘s new musical instruments. As always, SUPERBOOTH23 is not just an industry event, but also kindly invites everyone interested in electronic music-making to try the countless exhibits themselves and to get to know the manufacturers personally.

Visitors can also experience the world of synthesizers and music studios at the many presentations, workshops, and concerts. At SUPERBOOTH23, there is something for everyone, from beginner to expert. Along with presenting the newest products, SUPERBOOTH thus also wants to provide an international platform for social, technical and artistic exchange.

SUPERBOOTH23‘s welcoming and inclusive spirit also manifests itself in its continuing initiative for a more inclusive industry, with the declared goal of making electronic music-making accessible to everyone. Thus, it is again hosting special
