

# Tone2 Galactic Resonance Expansion

This expansion contains 277 lovingly crafted sounds and 36 wavetables for Icarus3.

Highlights:

- Includes 277 patches.
- Includes 26 additional wavetables.
- 100 raw samples and resynthesized samples embedded in the presets.
- All patches are volume normalized and velocity sensitive.
- Complex Modulation Wheel destinations for all patches.
- Hybrid Sound Library fusing various synthesis types including resynthesis.
- Seamless integration into the user-interface.

## Tone2 releases Galactic Resonance Expansion

Wednesday, 07 May 2025 12:18
