# Tone2 Gladiator 4.1

Tone2 Audio has updated their harmonic-content-morphing synthesizer Gladiator to version 4.1. The update free for anyone who owns Gladiator 4. Owners of Gladiator 1,2 or 3 can upgrade with a big discount.

New Features:

- You can reset knobs to the default value with a double-click.

Enhancements:

- Enhanced the layout of the font on PC.
- Better compatibility with Windows 11.
- Many small enhancements.

Fixes:

- A GUI glitch could happen on the Mac when when cmd + left-click was pressed to reset a knob.

Gladiator 4.1 is downward compatible with all previous versions. All existing song projects and patches can be loaded without any further steps necessary. They will benfit from the enhanced sound quality.
